Featured London Venue.....

KidZania is an indoor city, run by kids!

Your students can independently choose from a number of real-life entertaining activities in one safe and secure space.

Designed for children aged 4-14, KidZania blends learning and reality with entertainment.

Here your students will be able to get a fun and realistic insight into the adult world by taking part in a choice of 'jobs' which will earn them KidZos (the KidZania currency) and then leisure activities such as the Climbing Building, where they will need to spend their KidZos. When your students earn 75 KidZos they can open a bank account and receive their very own bank card, just like mum and dad!

Activities range from Doctor, Dentist, and Police Officer to Firefighter, Actor and Dancer.

When you get in to KidZania, you will find yourself at our British Airways Airport check-in area.

When you check in, you and your students will each receive a security RFID bracelet. They also get 50 kidZos and a hairnet to wear underneath any hats or helmets inside the city.

Once inside, all children aged 4-14 can independently explore the city and take part in the activities they choose.

anne frank house

A Museum with a Story.....

Anne Frank is a Jewish girl who had to go into hiding during World War Two to escape from the Nazis. Together with seven others she hid in the Secret Annex at Prinsengracht 263 in Amsterdam.

After more than two years in hiding they were discovered and deported to concentration camps. Anne's father, Otto Frank, was the only one of the eight people to survive.

After her death Anne became World famous because of the diary she wrote while in hiding, telling the story of what it was like to live in constant fear.

The Anne Frank House is a museum with a story. As a visitor, you experience this story through quotes, photos, videos, and original items. The atmosphere in the museum is both authentic and subdued. All through the museum, you can still see traces and personal objects of the people who hid there.

Following a tour of the house, you will be able to visit the café and or the Gift Shop.

The museum has many educational materials that can be used by the students to explore the question of prejudice, freedom of choice and citizenship which can be accessed through their website prior to your visit.
